1. golden break e break exclusivo

O golden break e o break exclusivo são intervalos criados especialmente para a exibição de um único comercial/mensagem.

Nenhuma outra marca, produto ou anunciante divide a atenção do telespectador.

O Golden Break é um break exclusivo posicionado após a escalada do jornal.
Para o Golden Break incidirá sobre o preço do comercial definido na Lista de Preços um acréscimo de **80**% + % de audiência agregada, que varia por programa (consulte o atendimento comercial).
Esse formato está disponível, sob consulta, para os seguintes programas:

Jornal Nacional

Jornal da Globo

Hora 1

Bom Dia Brasil

Fantástico

O Break exclusivo acontece em qualquer um dos intervalos do programa, sem possibilidade de determinação do intervalo por parte do anunciante.
Para o Break Exclusivo incidirá sobre o preço do comercial definido na Lista de Preços um acréscimo de **60**% + % de audiência agregada, que varia por programa (consulte o atendimento comercial).
Esse formato está disponível, sob consulta, em qualquer programa da grade com exibição nacional.

Observações:

- O Golden break e o Break Exclusivo Mercado Nacional são produtos voltados para anunciantes com distribuição nacional, não sendo possível a comercialização na modalidade local.
- Comerciais com duração superior a 60" devem ser submetidos à apreciação prévia do Atendimento Comercial da Globo.
- Os comerciais em formato de COMUNICADOS, a serem veiculados nos programas jornalísticos não podem ser confundidos com a informação/ o editorial dos programas e devem ser submetidos antecipadamente à apreciação da Globo.
- O Golden Break é um formato com prioridade para os patrocinadores dos programas acima, e portanto esses terão prioridade de compra/escolha das datas de entrega. E o formato não poderá ser comercializados para concorrentes dos patrocinadores do programa. Caso a compra do patrocínio do programa ocorra depois da compra do golden break de forma avulsa, por uma marca concorrente, a reserva será cancelada e o preço correspondente ao saldo será revertido em outras entregas.
- O percentual de audiência agregada varia entre 1,4% e 7,6%, dependendo do programa.
- A entrega de audiência agregada pelo simulcast Globoplay não é passível de customização. E a negociação deverá seguir o mesmo percentual aplicado à programação de TV linear.

2. primeiríssima **posição**

Primeiríssima Posição é um formato diferenciado que possibilita ao anunciante exibir seu comercial na primeira posição do intervalo de sua escolha, sem nenhum conteúdo, marca, produto ou anunciante precedendo sua mensagem.

Observações

- Criado para exibição nacional e local*, com uma única inserção por programa/dia.
- Venda local disponível em BPRA, PTV1, PTV2, GESP, BOMS e programas locais.
- Para a Primeiríssima Posição incidirá sobre o preço do comercial definido na Lista de Preços um acréscimo de 10% + % de audiência agregada, que varia por programa (consulte o atendimento comercial). Caso também seja determinado o intervalo do comercial haverá um acréscimo de mais 10%, totalizando 20% + % de audiência agregada, que varia por programa (consulte o atendimento comercial).
- A determinação do intervalo não leva em conta a eventual existência de Break Exclusivo.
- A exibição de comerciais na Primeiríssima Posição depende de disponibilidade técnica e operacional.
- Havendo impossibilidade técnica ou de programação, o comercial poderá ser veiculado em qualquer outra posição e/ou intervalo e validado como exibido sem os acréscimos definidos para este formato.

Caso a confirmação da compra ocorra após o término do período de vigência desta Lista de Preços, os valores a ser faturados corresponderão àqueles previstos na nova Lista de Preços, que sucederá a presente. Nesta hipótese, os valores serão automaticamente atualizados com base na nova Lista de Preços, mantidas inalteradas as demais condições originais de negociação.

Poderão ser necessárias alterações na Lista de Preços dentro de seu período de vigência, caso em que serão aplicadas as mesmas disposições contempladas neste item.

Lista de preços válida para compras realizadas em setembro 2026.

3. Duração dos Comerciais

A Globo aceita comerciais em Mercado Nacional e em todas as exibidoras da Globo que atendam às seguintes orientações:

- 6 segundos somente em Mercado Nacional, com exceção da programação de futebol.
- 10 segundos;
- Duração igual ou múltipla de 15 segundos;
- Duração superior a 60 segundos:
  - os comerciais devem ser submetidos à apreciação prévia do Atendimento Comercial da Globo, mediante o envio de roteiros;

Comerciais com duração fora dos padrões acima não serão exibidos, e os espaços reservados serão faturados, sem crédito.

4. Criativo Múltiplo

Criativo múltiplo é aquele que proporciona em áudio e/ou vídeo proveitos publicitários em favor de mais de um anunciante, marca, produto ou serviço.

O atendimento comercial deverá ser consultado sempre que o comercial do anunciante citar mais de uma marca, produto e/ou serviço.

Na defesa de seus interesses e preservação da qualidade e eficiência dos espaços publicitários, a Globo adota critérios específicos para avaliar as hipóteses em que a multiplicidade não será admitida e, quando for, haverá cobrança de preço diferenciado. Todo e qualquer material será avaliado e ficará a critério da Globo a aplicação ou isenção da cobrança de multiplicidade.

Para maiores informações, consulte o manual de práticas: https://globoads.globo.com/manual-de-praticas/regras-comerciais.ghtml#criativo-multiplo

5. Intervalo Determinado

A exibição de comerciais em intervalos determinados depende de disponibilidade técnica e facilidades operacionais. A determinação do intervalo não leva em conta a eventual existência de Break Exclusivo no programa.

Para a alocação de comerciais em intervalos determinados, incidirá sobre o preço do comercial definido na Lista de Preços um acréscimo de 10%.

Observação: na eventual impossibilidade técnica ou de programação, o comercial poderá ser veiculado em qualquer outro break e validado como exibido sem a incidência de 10%.

Consulte o Atendimento Comercial.

6. Compra Eletrônica – GLOBOADS

O GLOBOADS permite às agências:

- autorizar a veiculação de campanha na Globo após a negociação com o Atendimento Comercial;
- receber, por via eletrônica, toda a documentação referente ao negócio (inserções encaixadas, pendências, falhas etc.);
- definir, trocar e consultar materiais;
- enviar mapas de compra;
- consultar a data de envio do mapa para confirmar a lista de preços válida para a compra;
- consultar espaços comerciais (até 60") para um período de até 90 dias e acessar relatórios de pós-vendas de campanhas.
- A Globo estará à disposição para esclarecimentos acerca de saldos decorrentes do valor da mídia contratada, sendo certo que eventuais questionamentos de PIs, RPs e valoração de mapas de mídia deverão ser formalizados pelo ANUNCIANTE e/ou AGÊNCIA em no máximo 90 (noventa) dias, contados do mês de exibição.

4. INFORMAÇÕES TÉCNICAS

O material para veiculação deve ser entregue somente em HD no formato XDCAM-HD 50Mbps, com relação de aspecto 16:9, conforme tabela da página 51, que vale para todas as exibidoras da Globo.

No canal analógico, o comercial HD será convertido para SD no formato 16:9 Letterbox, que é o mesmo utilizado pela Globo na exibição dos seus produtos, conforme exemplos da figura abaixo. Dessa forma, as informações contidas dentro da Safe Area 16:9 da imagem original serão preservadas tanto na exibição digital quanto na analógica.

Os comerciais produzidos originalmente em SD (4:3) devem ser convertidos para HD com Pillarbox antes da entrega para evitar distorções anamórficas.

As emissoras que operam apenas em analógico estão aptas a receber comerciais em HD e fazer a down conversão para o formato 16:9 Letterbox.

Visualização da imagem no televisor

O material deve ser entregue no seguinte formato: claquete de 5 segundos, black de 2 segundos sem áudio, comercial, e black de 2 segundos sem áudio após o comercial.

Acessibilidade

Closed caption

Esta tecnologia permite que deficientes auditivos acompanhem os diálogos e falas de programas e comerciais produzidos/transmitidos com este recurso, por meio de legendas inseridas no vídeo. O telespectador pode acessar o recurso acionando a tecla CC ou por meio do menu do televisor.

Existe a possibilidade de transmissão do closed caption em todas as exibidoras da globo, tanto na transmissão analógica quanto na digital. O material, quando produzido com o recurso, deverá informar na claquete e e seguir o padrão indicado no quadro ao lado. Sugerimos a utilização de um logo identificando o recurso, que deverá ser inserido no início do comercial por pelo menos 5 segundos.

Audiodescrição

A audiodescrição permite que deficientes visuais acompanhem as cenas sem diálogo e falas de programas e comerciais produzidos com este recurso, por meio da narração dessas cenas em uma trilha sonora adicional na transmissão digital (HDTV). O telespectador pode acessar essa trilha de áudio adicional por meio do menu de áudio do televisor. O comercial, quando produzido com o recurso, deverá indicar na claquete e seguir o padrão indicado no quadro ao lado.

Libras

A Língua Brasileira de Sinais (Libras) é a linguagem natural, com estrutura e gramática próprias, utilizada por deficientes auditivos para a comunicação entre eles e entre surdos e ouvintes.

A Globo exibe o recurso quando inserido no vídeo durante a produção. O padrão brasileiro de transmissão digital ISDB-TB não possui recurso para transmissão oculta de Libras, como ocorre com o Closed Caption (legenda oculta).

Exibição no formato 16:9 Letterbox no canal analógico

A Globo adotou em todo o Brasil a down conversão no formato 16:9 Letterbox na transmissão analógica, conforme mostrado na figura ao lado.

A padronização da exibição no formato 16:9 Letterbox facilitará a inserção de mensagens relacionadas ao switch-off do sinal analógico. A adoção desse formato faz parte das recomendações do Gired (Grupo de Implantação do Processo de Redistribuição e Digitalização de Canais de TV e RTV), consolidadas na Portaria 378, de 22 de fevereiro de 2016, do Ministério das Comunicações, que trata da alteração do cronograma para o desligamento do sinal analógico de TV.A Globo liberou a utilização de toda a área da imagem 16:9 em suas produções e para o mercado publicitário. Dessa forma, todo o conteúdo produzido em HD é exibido sem cortes no canal analógico.

9.2 Trocas extras poderão ser feitas com alterações de áudio e vídeo, apenas áudio ou somente vídeo. Sendo possível, a troca incidirá em custo para o anunciante, no valor de R$ 1.500,00 bruto (Um mil e quinhentos reais) por item. Para o custo de produção há a incidência de 15% de comissionamento da agência. Trocas extras acontecem mediante a consulta de disponibilidade da Produção Comercial, respeitando o prazo de produção.

Para trocas extras de materiais de formatos diferenciados, consulte o seu atendimento comercial para informações sobre custos, prazos e confirmação da possibilidade de troca, pois nem todos os itens com formatos diferenciados são possível de troca extra.

9.3 Caso a necessidade de troca de comercial e/ou vinheta não seja manifestada nos prazos determinados, a globo reserva o direito de manter a inserção do último material fornecido em todos os formatos, garantindo a continuidade do patrocínio pelo período estabelecido na compra do patrocínio/projeto e , portanto, sem a obrigatoriedade de definição de novo material ou envio do pedido de inserção (PI) à Globo.

10. Comercial Múltiplo

Criativo múltiplo é aquele que proporciona em áudio e/ou vídeo proveitos publicitários em favor de mais de um anunciante, marca, produto ou serviço.

O atendimento comercial deverá ser consultado sempre que o comercial do anunciante citar mais de uma marca, produto e/ou serviço.

Na defesa de seus interesses e preservação da qualidade e eficiência dos espaços publicitários, a Globo adota critérios específicos para avaliar as hipóteses em que a multiplicidade não será admitida e, quando for, haverá cobrança de preço diferenciado. Todo e qualquer material será avaliado e ficará a critério da Globo a aplicação ou isenção da cobrança de multiplicidade.

Para maiores informações, consulte o manual de práticas: https://globoads.globo.com/manual-de-praticas/regras-comerciais.ghtml#criativo-multiplo

11. Posicionamento e Determinação de Intervalos

1. O posicionamento e a determinação do intervalo para inserção de comerciais dependem de disponibilidade técnica e são feitos em conformidade com os critérios definidos pela Globo.
2. O preço para inserção em posição determinada de um intervalo será calculado com base num acréscimo de 10% (dez por cento) sobre o preço da inserção comercial que consta da Tabela de Preços. O mesmo acréscimo se aplica para a determinação de intervalo.
3. Para inserções em Break Exclusivo, checar disponibilidade. Caso seja possível, deve ser cobrado um acréscimo de 60% sobre o preço da inserção comercial que consta da Tabela de Preços.

Comercial Múltiplo

Criativo múltiplo é aquele que proporciona em áudio e/ou vídeo proveitos publicitários em favor de mais de um anunciante, marca, produto ou serviço.

O atendimento comercial deverá ser consultado sempre que o comercial do anunciante citar mais de uma marca, produto e/ou serviço.

Na defesa de seus interesses e preservação da qualidade e eficiência dos espaços publicitários, a Globo adota critérios específicos para avaliar as hipóteses em que a multiplicidade não será admitida e, quando for, haverá cobrança de preço diferenciado. Todo e qualquer material será avaliado e ficará a critério da Globo a aplicação ou isenção da cobrança de multiplicidade.

Para maiores informações, consulte o manual de práticas: https://globoads.globo.com/manual-de-praticas/regras-comerciais.ghtml#criativo-multiplo
